

China Compression Moulding Bonded NdFeB Magnet

Manufacturer, Supplier, Factory, Exporter

Positions: Products→NdFeB Magnet→Compression Moulding Bonded NdFeB Magnet

Compression Moulding Bonded NdFeB Magnetdescription:Compression Moulding NdFeB magnets is blended with a plastic material and compression molded. With High precision of size It can be made of complex shapes and also be bonded with other components. This kind of magnet can be magnetized in any directions and with multiple poles.. They are widely used in the fields of motor and micro motor, especially in the industries of automobile, computer, MRI, CD-ROM, DVD-ROM, machinery and other instruments which have great prosperity. It is high-tech material mainly developed by our country. With advanced technics and excellent quality and world leading technology, we are able to produce high performance products with varies properties, shapes, dimensions and surface coating
