

[China Flat fridge magnets, Manufacturer, Supplier, Factory, Exporter in china](#)

Flat fridge magnet is a kind of soft magnetic product. Unlike ordinary hard magnet, it have very soft surface which will not hurt the surface of refrigerator or other metal surface. There 's no constrain on product design. You can have any color or any shape on fridge magnet you like.

Flat fridge magnet use refrigerator (or computer, whiteboard), which ever home and office has, as a media. Accompanying with attractive and useful design, customer can successfully bring their product information and advertisement to every home and office.

Flat fridge magnets, magnetic message board, Magnetic calendar, Magnetic puzzle blocks, Photo magnets, Magnetic photo frame, Resin magnet, Magnetic phone index, Magnetic whiteboard, Magnetic mat.
